Things to work on at VA and MS for VC8
Event Date: October 12th and 13th

Please move all brush / trimmings off the fairways as much as possible. If we can create piles of brush, I can call the city to come and pick it up before the event. They are planning to mow the week of the event. I'm also going see if they will drop off a load of mulch around the practice basket.

Victor Ashe

Hole 1: Brush/privet to the pump house location.
Hole 2: Brush/privet and some limb clearing after MANDO sign on the way to long pin
Hole 3: Clear brush around far left tree for short pin
Hole 4: Good
Hole 5: Cut back brush/privet next to 5 long pin
Hole 6: Tee pad work, limb clearing, Locate "long" pin and dig out.
Hole 7: Clear brush/privet around trees, Work on tee pad, open up main fairway a little by trimming trees.
Hole 8: City of Knoxville will help with 8, but we can trim up around the pins
Hole 9: Do some tree trimming around long pin?
Hole 10: Trim Tree next to original 10 long, Clear brush around the MANDO tree.
Hole 11: Cut out all brush/privet around 11 long pin
Hole 12: City of Knoxville will do all.
Hole 13: City of Knoxville will work on long pin; we need to open up the tunnel shot for the short pin.
Hole 14: Good?
Hole 15: Trim around short pin, and open up the gap for the long pin
Hole 16: City of Knoxville will do all.
